

Whatever it takes

Our mission is to create and build Life Science teams where the talent we bring develop drugs and technologies which protect the health of all mankind.

Our vision is to be a part of the Life Science journey where everyone, everywhere is free of disease.

We are Virdis Group

Each executive search is flexible and tailored to fit your organisation and process, matching your values and high standards.

We challenge constructively. As a true partner, we bring the best organisational solutions; sharing our experience and bringing lateral thinking to add value to your business.

We go further

We go beyond on-line search. We attend international conferences, lead business workshops and support scientific events. We build a network of relationships which represents a safety net around each search and mitigates the risk inherent to hiring.

Our experience and understanding extend across Life Sciences both in terms of sectors and functions with an international network established over decades that is constantly nurtured and growing.

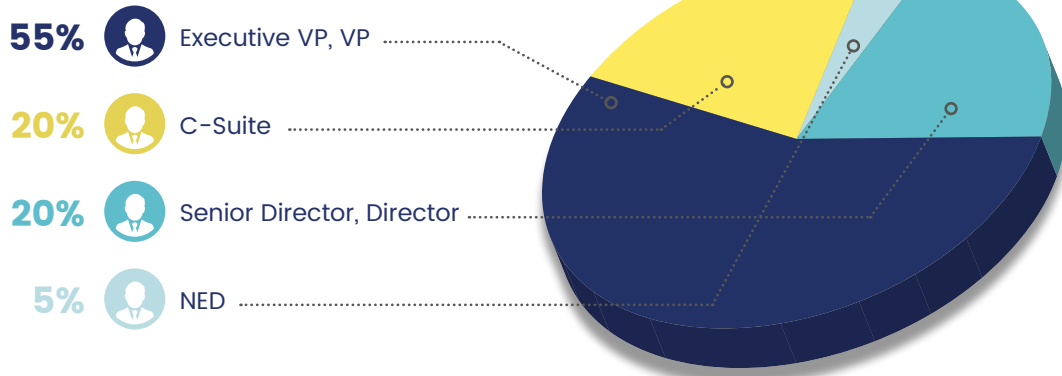

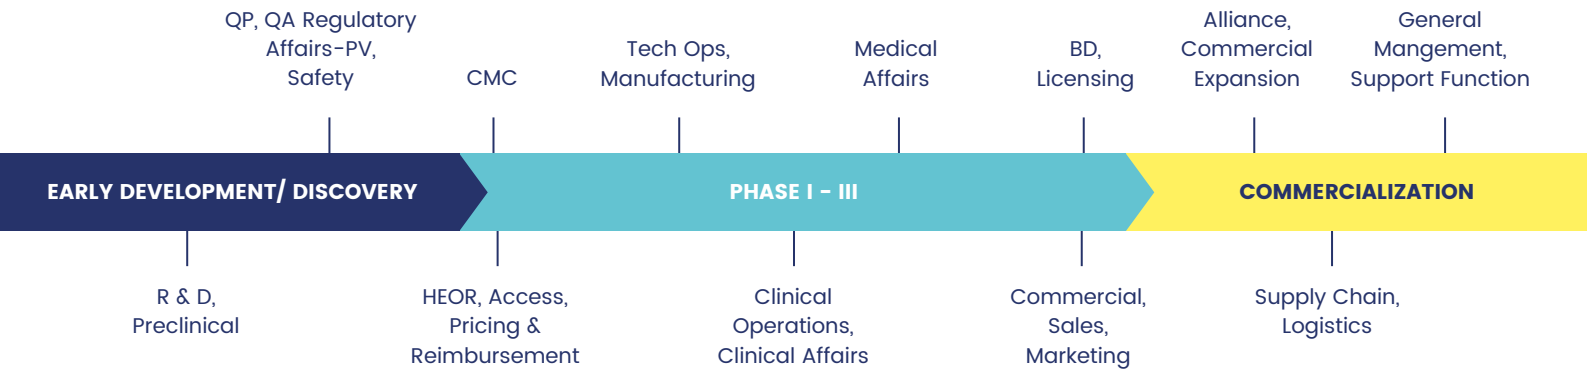

We are authentic

Our dedication to search the globe for the right individual is powered by our team's passion. We work with enthusiasm aiming to exceed your expectations. Most clients have been with us for years, and many new assignments come from their personal recommendations.

We pride ourselves on our ability to deliver high quality solutions and candidates. We offer a trustworthy service and build long-term professional relationships leading to many candidates becoming clients.

EXPERTISE AND TRACK RECORD ACROSS THE PRODUCT LIFE-CYCLE

DELIVERING **ACROSS AN INTERNATIONAL NETWORK WITH OFFICES WORLDWIDE**

“Very responsive, true business partners who have found us great talent in an extremely competitive recruiting environment.”

Ann Bozeman, Senior Executive VP HR, Clovis Oncology

“A team of committed professionals with a real sense of service.”
