

FINDING THE BEST SOLUTION FOR YOU

Oskar Tropitzsch

CFM OSKAR TROPITZSCH GMBH

For 235 years, we have been supporting the chemical, pharmaceutical and biotechnological industries in sourcing and producing chemical specialties. The core of our work is to supply the product which you are looking for with the right documentation. Challenge us!

PRODUCT AND SERVICE HIGHLIGHTS

ADC / SMDC

- Novel mode of action molecules
- Payload-linker-conjugation
- Analytics (DAR, ...)

- Alpha-Amanitin
- Cytochalasin
- Herboxidiene
- Exatecan Mesylate

FERMENTATION

- Custom fermentation nonGMP/GMP
- Library screening for rare Products
- mg/bulk

- Staurosporine
- Rapamycin
- Geldanamycin
- Aureonucleomycin

MANUFACTURING - SOURCING

- API's - Excipients - Laboratory Chemicals - Reagents - Phytochemicals
- Challenging Specifications
- Documentation according to customer requirements

- Cantharidin
- Dithiothreitol
- Fast red violet lb base

Challenging worldwide logistic (i.e. dry ice shipment)

Custom Synthesis

Peptide Synthesis made in Germany

ADALBERT-ZOELLNER-STR. 1
95615 MARKTREDWITZ
